*Building Partnerships for Economic
Growth & Development*

11th - 15th September 2017

Monomotapa Hotel

Harare, **ZIMBABWE**

Objective

The aim of this programme is to provide training to Development Finance and related Institutions so that they understand, and are able to develop, package and deliver project finance to their clients, to make for a more effective execution of deals and achieve improved turnaround of project applications, better design of projects and improved performance of DFIs portfolio.

Accordingly, the training programme will seek to enhance the knowledge and skills of the staff to do the following:

- Understand the nature of project finance;
- Define the role, objectives and interests of the partners in a project
- Assess the risks of the project, and how to manage them;
- Understand the challenges of project implementation, monitoring and evaluation;
- Consider different resource mobilization strategies;
- Gain an appreciation of economic and financial analysis of projects;
- Appreciate the requirements for project bankability;

- Develop capacity for project structuring and package, including security;
- Identify relevant documents used in project financing.

Scope

The programme will provide training in the elements and practices of project finance to enable participants develop the skills for packaging project finance deals, as well as develop financial models for analysis of investment projects. This will be done by way of lectures, case studies, group discussions and exercises. It is a practical programme designed to enable the participants to effectively apply their knowledge almost immediately to their workplace situations and circumstances.

Facilitator

Mr. Siyanga Malumo has over 35 years of Project Finance Experience (mostly Infrastructure) and Capacity Building experience in Africa, Europe and North America. He is experienced in structuring, packaging and raising funds for Infrastructure Projects in Africa (for Governments, Parastatals, Private Sector, PPPs) using Corporate and Project Finance approaches. He is an expert in the area of Risk Management, Project Finance, Investment Appraisal
